## Giralot Mini Office - components

Design Stefano Bettio, 2020

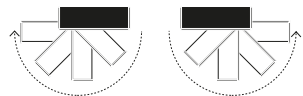

Storage cabinets

column

SX - left

DX - right

Giralot Mini Office is a versatile system of storage elements that swivel 180° on the column, fixed to the wall in two points, and resting on the floor. Depth is 34,5 cm which allows to hold office "Docs" and option of an extractable shelf for laptops that can carry (open) up to 6 kg. The fixed upper part translates into a handy "valet-shell" and creates an unusual contrast between the fixed top and the underneath rotating containers. The finishes of the elements can be in ① Veneer (wood) or ② Touch (lacquer). Each shelf can bear weight up to 15 kg. Cabinet is delivered already assembled. Maximum baseboard height for standard foot is 7,5 cm. For baseboards high up to 17,5 cm, available a special foot visible part of which is increased by 10 cm (overall height 148 cm) without any variation on the elements.

Design Stefano Bettio, 2012

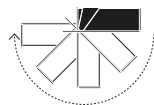

Storage cabinets

column

SX - left

Giralot Closet - wardrobe is a versatile system of storage element (big H 184 cm) that swivel 180° on the column, fixed to the wall in two points, and resting on the floor. The depth is 30 cm. Inside there is a coat-hanger rod on which to hook the crutch for hanging the clothes. Under there is a fixed shelf. The finishes of the element can be in **V** Veneer (wood) or **T** Touch (lacquer). Accessories as options are the single shoe-holder (2 pairs) and crutches. The chosen composition will be delivered already assembled. Maximum baseboard height for standard foot is 7.5 cm. **For baseboards high up to 17,5 cm, available a special foot visible part of which is increased by 10 cm (overall height 206 cm) without any variation on the elements.**
