

moule small – the original since 2003

Design Roland Meyer-Brühl

Especially in small rooms, adaptable furnishing concepts offer true added value: they can create numerous ways in which the furniture can be used in the limited space. Thanks to 90-degree swivel seats, the two-seater sofa or armchair moule small easily converts into a recliner or a guest bed with a sleeping area that measures 130 x 196cm or 65 x 196cm, respectively. With the addition of a stool, a moule extra small corner solution consisting of an add-on sofa and a long chair offers three seats of exactly the same size for lounging or reclining. Armchair optionally available with a table unit at the side; base frame optionally height-adjustable from 42 to 44cm; covers removable.

How to clean the covers

Please refer to pages 2 and 3 of the general information for care instructions.

Replacement covers

The price for a second or replacement fabric cover is 35% (leather 55%) of the total price of a new cover of the chosen type in the respective fabric or leather price group.

moûle Backrest mechanism information

Standard

Fabric or leather loop
for backrest mechanism activation

Lifting the **integrated, tiltable headrest**, lowering the side element and swivelling it towards the front and lowering the backrest by pulling the loop makes it possible to choose various reclining angles.

moûle Side element adjustment

Basic position

The side element is upright; a quick push towards the inside releases the mechanism; it can then be lowered all the way down until it lies flush on the tray.

A gentle push downwards activates the catch.

The desired position can now be selected simply by lifting the side element into the desired position...

...with settings ranging all the way back to the basic position.
